A reader lives a thousand lives.

Help Us Build Our Whole-School 'Reading River'

To mark the end of the National Year of Reading, our entire school community - from Nursery all the way through to Year 13 – will be celebrating the stories, facts, and books that inspire us.
Because we know how busy this time of year is, especially for our older students preparing for mocks, NEAs, and exams, we are keeping things simple, meaningful, and low-pressure. Every student and staff member will be contributing a small visual piece to create a giant, whole-school Reading River (Afon Darllen) display and we would love our families to be part of it too!

How you can get involved (takes 2 minutes):
Click here by Friday, 11 December 2026 to submit your family recommendation, and we will print it on to a display card for you.

Whether it is a well-loved bedtime picture book, a childhood classic, a comic, or a gripping non-fiction read, we want to see what our families are reading. Thank you for helping us celebrate a fantastic year of reading together!
