

Cowbridge School Newsletter

This week at Cowbridge School ...

This week marks the end of our longest half term, and students are to be commended for their resilience, focus, and dedication throughout this demanding period. Hard work in lessons; commitment to extracurricular activities; and, positive contributions to the school community are all truly appreciated.

The Year 13 Photography students' visit to Swansea University, which took place today, offered a valuable opportunity to immerse themselves in a university environment and get hands-on experience with high-level photographic equipment and facilities. Experiential trips like this are invaluable, as they help connect classroom learning with future academic and career pathways, inspiring our students as they prepare for their next steps.

We are looking forward to welcoming current Year 11

students, as well as prospective new students, to our Sixth Form Information Evening after half term. This takes place on Thursday, 6 November between 4pm and 6pm and offers students and their parents / carers an opportunity to come to the school and gain more information about the courses on offer for study at Advanced Level. Advice and guidance will also be offered in school to Year 11 students to support them in making the most appropriate choices for life after compulsory education.

We hope the upcoming break provides a well-deserved opportunity for rest, relaxation, and rejuvenation for all our families. We look forward to welcoming the students back in great spirits, ready to embrace the challenges and excitement of the next half term.
