## This week at Cowbridge School ...

It has been another wonderfully productive and inspiring week here at Cowbridge School.

This week, we celebrated a fantastic showcase of musical talent with the Rotary Young Musician - Vocal competition. We were incredibly proud of all the students who performed. Their dedication, practice, and courage to perform on stage were evident in every note. It was a truly uplifting event that highlighted the depth of musical skill within our student body. Congratulations to all the participants for representing the school with such passion and professionalism. These events are vital in building confidence and offering our students platforms to shine, and the commitment of our Music Department in facilitating this was superb. Read more about the event by clicking the first link on in the column on the right hand side.

We also saw our Year 11 students take a significant step in their academic year as they embarked on their GCSE Speaking and Listening Group Discussions. These discussions are a crucial part of their English Language GCSE course, developing essential communication, critical thinking, and collaboration skills – all important, not just for the Non-Examination Assessment but for life. So far, students have approached this task with maturity and thoughtfulness, engaging in rigorous debate and expressing their ideas clearly and articulately. This experience is excellent preparation not just for their final GCSE exams but for their future academic and professional lives. We are very proud of how seriously our Year 11 students are taking this important assessment.

*Have a great weekend!*
