

# Cowbridge Lower School Newsletter

12.12.25

Our value this week has been determination and I am sure you will all agree everyone in Lower School showed an abundance of determination to showcase their finest singing, dancing and acting talents in order to treat us to 3 spectacular Christmas show performances.

We are immensely proud of the effort and enthusiasm the pupils put into their performances and we are grateful to you for, yet again, providing fabulous costumes as well as the encouragement and support to help them along the way.....I am sure you all knew the words to the songs also. What better way to enter into the festive spirit than sharing the true joy of Christmas through the gift of performance. Who would have thought Cowbridge School would come to the rescue of more extra terrestrial beings so soon after Alan.... spaceship repairs is really becoming quite a speciality of ours!

On Thursday, we all looked amazing in our Christmas jumpers and enjoyed a delicious Christmas lunch cooked by our wonderful Mrs. Beaton and Mrs. Marsden. A fabulous time was had by all as staff and pupils savoured Mrs. Beaton's Christmas delights all together.

Nursery have been making some Christmas surprises and discussing family traditions. They had great fun acting them out and guessing what each other was doing. They also learnt about Hannukah.

Reception even had time to squeeze in another visitor as Dr. Light came to talk to us about how doctors help us. They even learnt about a nurse called Mary Seacole who helped soldiers during the war.

Year 1 have also been making some Christmas treats and reinforcing their shape knowledge by challenging themselves to make a Christmas jumper with a variety of patterns.

Year 2 have been collecting data and representing it in different forms. They have made self portraits and even produced sound maps.

Next week we are looking forward to watching the Christmas Show in the big school and our Christmas party....I wonder if we will have any special visitors?
