Cowbridge School Newsletter

This week at Cowbridge School ...

As we reach the conclusion of a vibrant autumn term, it is a privilege to reflect on the immense energy and talent that has filled our halls this week. The highlight for many has undoubtedly been the spectacular school production of "Return to the Forbidden Planet."

Across three hugely successful performances, our students showcased not only their incredible performing arts skills but also the dedication, teamwork, and resilience required to bring such a complex show to life. It was a joy to see students from across different year groups collaborating so effectively, and we would like to extend our heartfelt thanks to the staff and parents whose tireless support behind the scenes made this production possible. Seeing the community come together to

celebrate our students' hard work is always a highlight of the school calendar.

As we break for the festivities, we wish every member of our school community a very Merry Christmas and a restful holiday period. We hope you enjoy this valuable time with family and friends and return feeling refreshed for the new year ahead. We look forward to welcoming all students back to Cowbridge School on Monday, 5 January!
