

Cowbridge Lower School Newsletter

10.7.26

This week has seen Lower School contemplate the question, "Are you ready for your next adventure?" After considering things we may need to take on an adventure and how new things can make us feel, we decided we already had a lot of learning and experiences we were already taking with us. Even if we did feel a little nervous or worried, we are surrounded by people and things who can help us on this new journey to grow stronger, wiser and braver. We decided we didn't need to know everything but instead to just bring our best self, our kindness and willingness to learn and we will be just fine!

Everyone in Lower School really showed they were more than ready for new chapters on Tuesday when all the imagining was done and they finally got to spend time in their new classrooms with their new teachers and meeting new friends. It was such a proud moment to see all pupils embrace the experience with such confidence and determination. In fact, Year 3 loved their classroom so much they spent all day upstairs and even started putting up their own displays -such a fabulous moment for Lower School, our first class upstairs!!

With the long summer holidays just around the corner, Mr. James from Cowbridge library came to visit to talk to us about the summer reading challenge. With all pupils enthusiastic and ready to take this on, it will certainly keep them busy through the holidays and ensure they are ready for a great start to the new term in the autumn. We look forward to hearing all about these reading successes.

In our classrooms....

Pirate pandemonium has continued in Reception and Nursery this week with Nursery designing new pirate flags and practising their pirate counting. Whilst Reception have packed pirate lunch boxes with all sort of pirate treats and practised whole and half turns playing pirate games.

Year 1 have continued to assist their alien friends by learning how to make electrical circuits for their spaceship. They also created a history timeline of space exploration and also continued to develop their time telling skills.

Year 2 have designed their Captain Log covers, practised their joined up handwriting and written their own pirate adventures.

Don't forget our end of year celebrations next Thursday-costumes/ party clothes and party food essential!!
