

Cowbridge Lower School Newsletter

Welcome back everybody. We hope you had a lovely Easter break.

What glorious weather we have had to start the summer term.

Our new topics are well under way now.

Nursery and Reception started their new topic of "Sunshine and Sunflowers" on Wednesday by dressing up as explorers! They went hunting all around our wonderful school grounds looking for different plants and animals.

Back inside our explorers classroom we thought about how our gardens change during the seasons and shared our favourite outdoor activities with our friends.

As well as hunting for creatures and plants we also went hunting for numbers. Nursery practised naming the different ones they found and Reception practised their problem solving skills using addition and subtraction.

Year 1 have had an animaltastic start to their new topic of "Paws, Claws and Whiskers" with Rex the Amazing agility dog. On Tuesday, he gave a spectacular display of his fabulous skills-such a clever canine!

As well as all that, they carried out a favourite animal survey, made a herbivore and carnivore venn diagram and used their artistic skills to produce line drawings of animals.

We look forward to seeing you all next Thursday at our parental engagement event. Pupils (and adults) are invited to wear red, white or blue to school as we will also be celebrating VE Day. You may also like to bring a picnic blanket if you have one.

A fabulous week had by all! Enjoy the long weekend—hopefully the sun will keep shining.
