

Cowbridge Lower School Newsletter

6.6.25

Welcome back! We hope you had a lovely half term.

Nursery and Reception have started their final topic for this academic year.....Are we there yet?

They have been thinking about the different ways we come to school. Nursery made a human graph and Reception made a pictogram of the results.

Nursery have been practising how to cross the road safely and have learnt all about the Green Cross Code. They have created their own version of "The wheels on the bus" song and had lots of fun acting out the actions.

Reception read the story "The Hundred Decker Bus" and made story books about their own bus adventures. They also wrote postcards from a special place they had visited. They used their sorting skills to sort out how vehicles moved and practised adding and subtracting passengers on a bus journey. They have also been extremely clever counters by counting in 2's!

Year 1 have continued their Paws, Claws and Whiskers topic by pretending to be zoo keepers! They looked at the equipment a zoo keeper would use and wrote instructions about how to be one! They have had great fun designing their own zoos and are now going to build their own class zoo....I wonder which animals they will be brave enough to keep!! They are compiling their own favourite animal fact files and in maths, have been looking at how different numbers can be arranged.

Frau Powlson also came to visit and taught us how to say how we are feeling in German.

It has also been lovely to chat with pupils this week about all the fantastic books they have been reading at home with you. We are making a tree display of all the book covers which have been read for everyone to see. We are hoping our tree will be covered in books soon.....keep reading!!
