Our learning has been in full swing this week....

Nursery have been thinking about babies. They have been comparing themselves with babies and identifying the similarities and differences in the way they look and what they can do. They really have grown so much and learnt to do so many different things-such a clever lot! They even had a real life baby come into visit!

It's been an emotional time in Reception this week.... They started off the week by reading the story "Angry Arthur". It prompted lots of discussion about why and how we get angry and then further thinking about how we can control our anger. Much discussion then followed about a whole range of emotions and how everybody has feelings....feeling different things at different times is ok. They decided to set up a "Baby Play Centre" in the role play area and are having great fun looking after the babies.

Year 1 have been using their super powers this week and have been writing super sentences to describe superheroes. They have made stick puppets and used them to create their own superhero stories. They used our fabulous new library area to act out the stories and record them using i-pads.

Year 2 have continued planning and creating the learning areas of their classroom, their "Calm Corner" is looking very inviting! They have been introduced to a very important Welsh historical figure Betsi Cadwaladr and have written their own questions to ask a visiting health professional. They have been thinking about rations and how this could have impacted nutrition and health

Reception, Y1 and Y2 have also started their French and German lessons with Frau Powlson. We are having great fun with Frau Powlson learning a new language.
